

# BAGUIO WATER DISTRICT

*"Serving Mankind is Serving God"*

## BID BULLETIN NO. I

**Request for Quotation (RQ) No. 03-029P**

**Two (2) sets Vertical Centrifugal Pump and Motors with 100 HP Rating, Coupled and aligned with Heavy Duty Mounting Base, complete with motor control**

This bulletin is issued to clarify and include the following additional information as a result of the queries raised by a prospective bidder during the pre-bid conference and through written request for clarifications:

| QUERIES FROM PROSPECTIVE BIDDER     | CLARIFICATION/ADDENDUM  |
|-------------------------------------|---|
| Length of wire from pump to control | The length of wire from pump to control could not be determined precisely because the distance between control and pump can only be determined once installed; as a result, <b>the TWG and BWD-BAC do not require the supplier to provide wire for the pump, motor, and control unit.</b> |
| Delivery site location / address    | Both vertical booster pumps must be delivered to the BWD Lagman Pumping Station in Bakakeng, Baguio City. Coordination with the Baguio Water District shall be sought upon delivery of the pumps.   |

All other provisions in the Request for Quotation shall remain to be in full force and effect.

Issued this 22<sup>nd</sup> day of March 2023.
