## “Serving Mankind is Serving God”

The 2024 Training Calendar/Plan is designed and established in coordination with the Manpower Development Committee to address the identified competency gaps and needs of employees.

The Baguio Water District, in coordination with the Manpower Development Committee, shall ensure that equal opportunities are provided in the nomination and selection of employees, and acceptance of participants from other local water districts to participate in the listed training programs. Likewise, age, sex, restrictions/disabilities, sexual orientation and gender identity, religion, civil status, and regional background shall be taken into consideration in the selection of learning aide, venue, menu and learning provider.

Learning methodologies shall include lecture, discussion, developmental game, film showing, simulation, workshop, and facility visit whenever applicable. The budget for each training program shall come from the BWD Training and RTC Accounts.
